**Report on Anti-Polythene Drive Conducted at Government Degree College Tral**  
**Date: 31<sup>st</sup> May 2025**

As part of the Environment Week (31<sup>st</sup> May to 5<sup>th</sup> June 2025), the Department of Environmental Science, in collaboration with the NSS Units and Eco Club of Government Degree College (GDC) Tral, organized an **Anti-Polythene Drive** on 31<sup>st</sup> May 2025 within the college campus.

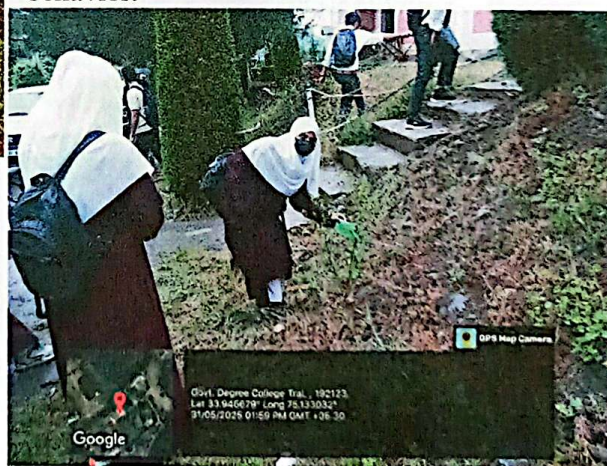

The drive marked the **first activity of the week-long celebrations** aimed at spreading awareness about environmental conservation and sustainable living. The event witnessed the enthusiastic participation of **around 30 NSS volunteers**, who actively engaged in collecting and properly disposing of polythene waste from different corners of the campus. Placards and banners highlighting the harmful effects of plastic pollution were also displayed to sensitize students and staff.

On this occasion, **Prof. Muzafar Ahmad Bhat**, Principal of GDC Tral, addressed the gathering and emphasized the **negative impacts of plastic pollution** on ecosystems, human health, and the broader environment. He highlighted the urgency of adopting eco-friendly alternatives and reducing the dependence on single-use plastics through community participation and responsible behavior.

The Anti-Polythene Drive served as a significant step in instilling environmental responsibility among students and promoting a cleaner, greener campus. It set a proactive tone for the upcoming activities of Environment Week, reaffirming the college's commitment to environmental stewardship and sustainability.

**Report on Painting Competition on "Plastic Pollution"**

**Date: 02/06/2025**

The Department of Environmental Science, in collaboration with the Eco Club and NSS Units of Government Degree College Tral, organized a **painting competition on 2<sup>nd</sup> June 2025** on the theme **"Plastic Pollution"** as part of its ongoing awareness campaign on environmental conservation and sustainability.

The event was held in the college campus and witnessed enthusiastic participation from students from various colleges and schools. The main objective of the competition was to raise awareness among students and the local community about the adverse impacts of plastic pollution on ecosystems, wildlife, and human health.

The event was inaugurated by the **principal of the college, Prof. Muzafar Ahmad Bhat**, who in his address highlighted the growing threat of plastic waste and the urgent need to adopt sustainable practices. He appreciated the efforts of the Department of Environmental Science, the Eco Club, and the NSS Units in organizing such an impactful initiative. Over **25 students** participated in the competition, showcasing their creativity, concern, and commitment towards environmental protection. The artworks depicted various aspects of plastic pollution – from marine litter and microplastics to alternatives to single-use plastics and the importance of the 3Rs (Reduce, Reuse, Recycle).

A panel of judges comprising faculty members from the Department of Zoology, Veterinary technology and Humanities evaluated the paintings based on creativity, relevance to the theme, and artistic expression. The winners were awarded certificates.

**Results of the Competition:**

- **First Prize:** Hafiza Reyaz, 9<sup>th</sup> standard, Aglow Public High School
- **Second Prize:** Yasi Altaf, 2<sup>nd</sup> Semester, GDC Tral
- **Third Prize:** Mariya Faroze, 7<sup>th</sup> standard, Aglow Public High School

**Report on Nukkad Natak on "Plastic Pollution"**

**Date: 5<sup>th</sup> June 2025**

**Link to Video:** <https://www.youtube.com/watch?v=RZIBIMjnr5E>

As part of the **World Environment Day 2025** celebrations, the **Department of Environmental Science** in collaboration with **Eco club** and **NSS units**, Government Degree College Tral, organized a **Nukkad Natak (Street Play)** on **5<sup>th</sup> June 2025**, focusing on the urgent issue of **Plastic Pollution**.

The Nukkad Natak was staged in the college campus and was performed by a group of enthusiastic students from various departments and NSS volunteers. The primary aim of the performance was to **raise awareness about the harmful effects of plastic usage** on human health, wildlife, and the environment, and to **encourage responsible consumption and waste management practices**.

Through powerful dialogues, engaging narration, and impactful scenes, the students creatively depicted:

- The widespread use of single-use plastics in everyday life
- The non-biodegradable nature of plastic waste
- The threat it poses to terrestrial and marine life
- The hazards of microplastics entering the food chain
- Practical solutions such as the 3Rs – **Reduce, Reuse, Recycle**
- Promotion of alternatives like cloth bags, biodegradable packaging, and community involvement in clean-up drives

The performance captivated the audience and was met with loud applause and appreciation. The Principal of GDC Tral, **Prof. Muzafar Ahmad Bhat**, congratulated the performers and emphasized the significance of using such creative methods to educate and inspire action against plastic pollution.

The entire event was documented, and the video of the Nukkad Natak has been made available for public viewing at the following link:  
<https://www.youtube.com/watch?v=RZIBIMjnr5E>

The Department of Environmental Science extends its gratitude to all the participants, volunteers, and faculty members who contributed to the success of the event. This street play served as a compelling medium to sensitize students and the community about environmental protection and the need to shift towards sustainable living.
