GDC tral

Laboratory

The teachers are very good.

We have to go for industrial tour and learn very well through examples

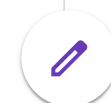

Teachers are very excellent and teaching learning process is very good

tudents. Even if they are in senior classes, this way must be adopted.

2) Try to reach every student and ask for their doubts.

This can only happen in a class with a moderate or limited strength of students, and is extremely important because this way, students concentrate on studies more.

Make teaching a two way interaction.

Do not simply give lecture or teach, ask students for their doubts and other questions.

Be friendly to students

Very well

1) Use better graphics and visual media to engage students well.

Better graphics and colors arouse the interest and desire to learn among students. Even if they are in senior classes, this way must be adopted.

2) Try to reach every student and ask for their doubts.

This can only happen in a class with a moderate or limited strength of students, and is extremely important because this way, students concentrate on studies more.

3) Make teaching a two way interaction. Do not simply give lecture or teach, ask students for their doubts and other questions.

Yes

Kindly give more project and real time problem to solve. New technology monthly updates can be given.

1. Well qualified and experienced teachers especially contractual teachers.

2. Skill improvement is most important.

3. Communication skill teachers.

In our concerned college the staff and administration holding officials different departments all have to improve the processes in every department and also the staff personals should have to functionalize practice based teachings and also should have to availability of devices related to practical subjects.

In our concerned college the staff and administration holding officials different departments all have to improve the processes in every department and also the Staff personals should have to functionalise practice based teachings and also should have to availability of devices related to practical subjects

1. The medium of interaction and the teaching should be mixed language mostly in kashmiri.

2. We should focus mostly on maps and for practicals we should go for study tour frequently.

3. Regular tests for grilling is most important.

My teacher is very good excilent

Very nice

Some times good

Nothing

They are well

I don't give any observation because you don't gonna make it

BETTER EDUCATIONAL FACILITIES SHOULD PROVIDE TO COLLEGE INCLUDING STAFF OF GOOD TEACHERS

Take presentations in class,give students assignments and moral education as well

Teachers should personally intervene the position capabilities of the students, they should make more efforts in friendliest and encouragement of the students, Moreover they should not act rude so often (many teachers are acting rude and arrogant) like they are someone out of reach, rather they should be humble and take time to understand the students and create and love and affectionate relationships towards the students
And last of all Mobile phones should be allowed as we are in a higher level of education and we can get any doubt clear
Who else misuses it should be dealt accordingly. Thanku

1.Use better graphics and visual media to engage students well.

2.Try to reach every student and ask for their doubts.

3.Make teaching a two way interaction.

They should give attention towards all the students not only front ones

1. Entreprenuer skill needed

2. Try to reach every student and ask for their doubt

3.Treat Evey student equally

Under entrepreneur skill needed

Try to reach every student and ask for their doubt treat every student equally.

All the lecturers are very cooperative & teach very well

The overall quality of learning, teaching should be very effective.

The teachers approach to teaching should be effective.

Use better graphics and visual media to engage students well. Try to reach every student and ask for their doubts.

Good
Agree
Sure

3) Make teaching a two way interaction.

Do not simply give lecture or teach, ask students for their doubts and other questions.

Games and other activity is not good

1) provide collaboration and socialization opportunities 2)utilize a variety of technology options 3) consider new learning methods

1st at the time of teaching teachers must use simple language alike kashmiri as well
2nd teachers must behave like friends they dont use cruel behaviour during learning
3rd teachers take continues ly classes to complete syllabus on time

There must be adequate faculty for each of the programme ,overall teaching scenario is very good and up to the mark...

1.Use better graphics and visual media to engage students well.

2.Try to reach every student and ask for their doubts.

3.Make teaching a two interaction.

Use pictures/illustrations on the digital board every time to make more easier to understand for the students not all teachers are using then lcd projector

Use better graphics and visual media to engage students well. Better graphics and colors arouse the interest and desire to learn among students.

Yes learning good in my institution...and very excellent teacher ...

- 1- Un-ban on using smart phones (strictly usage of security camera's, and signal jamming tools and providing college WiFi to prevent the misuse). Development using modern technology should be in concentration, not taking modern type of students to the stone-age.
- 2- Teachers should not do injustice to some groups (sometimes they are in favour of boys, or sometimes they're in favour of girls), and they should maintain the student-teacher relationship.
- 3- Having modern conceptual college programs and competitions to let the students show there skills.
- 4- Teaching Manners and discipline to the students as well as teachers (there should be a mandatory one or two classes every week to teach these basic and important lessons).

- 1) Treat every student (of different gender, caste and religion) equally.
- 2)Take a step to make college digital, so to make education easy.
- 3)Encourage students for improvement not to discourage them.

Use LCD projector regularly, to maximize the use of Assistant professors, To Give right to equality everyone

No need to improve , all.good.

Be on time

Nothing

Everything is good in Institution.

Encourage cooperative learning.

As u provide I m satisfied with this

Create a growth mindset classroom

- 1.Student/Teacher barrier shouldn't be to that extent.
- 2.Students genuine problems should be monitored properly.
- 3.Career building mentorship is not proper and effective in the college.

Best

- 1)Use better graphics and visual media to engage students well.
- 2)Try to reach every student and ask for their doubts.
- 3) Make teaching a two way interaction.

Object type iss best to understand the students what thay was read in institutions

I can't give any suggestions because our teachers are very very well

Its all on students..let me tell about my self I can't come regular to college because of having responsibility of earning so ...if i will come regular then i can expect anything from teachers as i know all of the professors of our college are intelligent.hardworking..

Ab

- Provision of e-resources to the students in every subject.
- Provision of oppotunities for students to go for field and learning visits like Zoological tours ,Botanical Tours, etc.
- Increment in the allotted time for library books which is only 14 days.

Use of Ict tools such as multimedia projectors etc should b used
Extra classes should be given to students which are below average
Focus should be given to make teaching leaning ecofriendly

Best institute

Connect to students individuals
Consider new learning methods
Utilize a variety of technology options
Thanks.....

Our syllabus is some books is very long
Must need 2 teachers for maths

Abc

Aware us for the upcoming exams

Nil

.....

cover all syallubus on time

Teachers must to understand the students first

Strongly

Very good

- 1 Flexible curriculum
- 2 Good teachers

3 Providing all kinds of equipments for quality education

Give equal importance to both boys and .

Use icctools and digital game based learning

Encourage. Cooperative learning

Create a welcoming environment

Courses can be more research oriented

New technology monthly updates can be given

1.they are good teachers and teaches us very well way .

They are good teachers nd teaches us very well way

Good communication, good mentoring and good understanding

1.We should not discourage and insult a student in the class,it creates negative thoughts in the mind of students when a student is insulted in the class then it has a bad effect on his or her mental health and behaviour .

2.We should always create a friendly environment in the class so that every student will feel free to ask questions to the teachers .

3.Motivate the students in such a way that they should think that nothing is impossible if they will care about the studies.

very Well

No need to improve

better

Try to reach every student and ask for their doubts,Provide information in multiple ways

No observation it is right

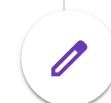

Teachers must be punctual

Students and teachers should compromise in all situations

123

One of the important thing is that the teachers should not take their ego up and plays with the career of students.

Teachers should always try to encourage students

Use better graphics and media

1 use better graphics and visual media to engage student well

2 try to reach every student and ask for their doubts

3 better graphics and colors arouse the interest and desire to learn among student
